

Please post / share this communication within 24 hours in your department/unit.

Remember: Many answers/clarifications on EHR processes can be accessed through the EHR Intranet site or EHR Learning (Learning Live)

❖ **2 Upgrade Issues Resolved**

- Creating a new document from Clinical Notes or PowerNote – resolved - users can now type a document name to locate the document
- Documenting in Clinical Notes – resolved - users can now modify, copy, and paste documentation in Clinical Notes
