

Quick Guide – Perioperative Documentation

Preoperative H+P

1. H+P created within prior 30 days

- Update must be on paper update form. Update cannot be done electronically.

2. No H+P within prior 30 days

- Create new H+P with PowerNote or surgical department form. (Please be sure to let nurse know which method you used.)

Electronic Postoperative Documentation

- create using Postoperative Procedure Note template for brief post-op note in addition to your dictation (If full operative report is created immediately post-op with PowerNote, brief note is not needed.)

Day Surgery H&P template and Postoperative Procedure Note template are in the Procedures folder of the CSM Custom Catalog
