

ACCESSING THE CSM HEALTH SCIENCES LIBRARY CATALOG & DATABASES:

Sign on to the CSM Intranet. The Icon looks like this:

1. At the top of the Intranet page look for the tab marked “departments” – it is in the middle of the homepage.
2. Go to the alphabetical listing and choose “L”.
3. Click on the word “library” to get to the Library’s Intranet homepage.
4. Look for the list of items on the left-hand side of the page.
5. The first item is the Book and Journal catalog. This can be searched by keyword, title, author, subject heading or journal title. Note: the catalog does not contain the over 15,000 online journal titles that are covered in EBSCO, OVID and PubMed.
6. The third through fifth items on the list are a series of databases you can use to search for journal articles and full-text books. They include: EBSCOdatabases, OVID and PubMed. See separate pages for instructions on accessing these databases.
7. A-Z Journals is the eighth link on the list. Use it to find a particular journal or article in a journal when you have its’ title. The journals are listed alphabetically. Underneath the title there are links that show the subscription coverage by CSM.

A screenshot of the Columbia St. Mary's Library Intranet homepage. The page has a beige header with the logo and name 'Columbia St. Mary's A Passion for Patient Care' on the left, and a search bar on the right. Below the header is a navigation menu with tabs for 'Home', 'Applications & Links', 'Departments', 'Directories', and 'Policies & Procedures'. A left sidebar contains a list of links: 'Book and Journal Catalog', 'Services', 'EBSCO Databases', 'OVID', 'PubMed', 'Cochrane Evidence-Based DBs', 'Micromedex', 'A to Z Online', 'Up to Date', 'Contact Us', and 'Library Home'. The main content area features a banner with a bookshelf and the word 'Library' in red script. Below the banner are two sections: 'Mission Statement' and 'Hours, Phone, Fax and Email'. The 'Mission Statement' section contains the text: 'The mission of the CSM libraries is to provide knowledge -based information resources and services in support of the patient care, education, research, administrative, decision-making and community outreach needs of the CSM hospitals and clinics.' The 'Hours, Phone, Fax and Email' section contains the text: 'Columbia St. Mary's Milwaukee Health Sciences Library', 'Hours: Monday-Friday, 7:30AM to 4:00PM', and 'Phone: 414-291-1278'. The date and time 'Monday, March 24, 2014 11:04 AM' are displayed in the top right corner of the page content area.

(CSM) HEALTH SCIENCES LIBRARY – ONLINE RESOURCES:

EBSCOdatabases -

CINAHL *CINAHL* is the authoritative resource for nursing and allied health professionals, students, educators and researchers. This database provides indexing for more than 3,000 journals from the fields of nursing and allied health. The database contains more than 2.3 million records dating back to 1981.

MEDLINE *MEDLINE* provides authoritative medical information on medicine, nursing, dentistry, veterinary medicine, the health care system, pre-clinical sciences, and much more. Created by the National Library of Medicine, *MEDLINE* uses MeSH (Medical Subject Headings) indexing with tree, tree hierarchy, subheadings and explosion capabilities to search citations from over 5,400 current biomedical journals.

Consumer Health Complete - EBSCOhost *Consumer Health Complete* is a comprehensive resource for consumer-oriented health content. It is designed to support patients' information needs and foster an overall understanding of health-related topics. *Consumer Health Complete* provides content covering all areas of health and wellness from mainstream medicine to the many perspectives of complementary, holistic and integrated medicine. In addition, *Consumer Health Complete* includes the *Clinical Reference System* and the *Lexi-PAL Drug Guide*, which provides access to up-to-date, concise and clinically relevant drug monographs. The database is updated on a weekly basis.

Health Source - Consumer Edition This database is the richest collection of consumer health information available to libraries worldwide, providing information on many health topics including the medical sciences, food sciences and nutrition, childcare, sports medicine and general health. *Health Source: Consumer Edition* provides access to nearly 80 full text, consumer health magazines.

Health Source: Nursing/Academic Edition This database provides nearly 550 scholarly full text journals focusing on many medical disciplines. *Health Source: Nursing/Academic Edition* also features the *AHFS Consumer Medication Information*, which covers 1,300 generic drug patient education sheets with more than 4,700 brand names.

PubMed (NLM) - Podiatry residents have access to PubMed through the CSM Intranet.
