❖ **Patient education templates Changes occur 4-11-18**

- As part of the rebranding effort, Columbia St Mary's logos that exist on patient education templates available in the EHR will be updated with the appropriate Ascension version.
- However, if there are private custom templates that have the current CSM logo, those will be deleted. There is no way to get those updated with the new logo and have them properly associated with the owner.
- Once the rebranding effort is complete, private custom versions can be recreated.
